De beste tools voor mijn mensen?

“ You are the change agents who make doing more with less possible –

less time, less cost, less complexity, with more innovation, more agility and more resilience. Doing more with less doesn't mean working harder or longer. It's not going to scale. It means applying technology to amplify what you can do, and ultimately, what an organization can achieve amidst today's constraints. ”

Satya Nadella

Copilot

A whole new way to work

“Met Copilot heb jij altijd de controle. Jij beslist wat je bewaart, aanpast of weggooit. Hierdoor kun je creatiever zijn in Word, analytischer in Excel, expressiever in PowerPoint, productiever in Outlook en meer samenwerken in Teams”

SNEL VAN START GAAN?

The screenshot shows the Microsoft Copilot landing page. At the top, there is a navigation bar with the Microsoft logo and links for Microsoft Adoption, Roles, Products, Solutions, Resources, Training, Communities, and What's new. The main heading is "Microsoft Copilot", followed by a paragraph describing its capabilities. Below this are two blue buttons: "Microsoft Copilot announcement" and "Bing Chat Enterprise and Copilot pricing announcement". A large image of a laptop displaying the Copilot interface is on the right. Below the main content are three colored boxes: a blue box for "Prepare for Copilot", a purple box for "Learn how Copilot works", and a dark grey box for "Join the Copilot community". Each box contains a brief description and a button. At the bottom, there are three white boxes with specific content: "Start using Bing Chat Enterprise today", "Introduction Copilot in Microsoft Stream", and "Transform with Microsoft Sales Copilot". Each of these boxes also includes a "Learn more" button. On the left side of the page, there are social media icons for Facebook, Twitter, and LinkedIn.

Microsoft Copilot

Microsoft Copilot combines the power of large language models (LLMs) with your organization's data – all in the flow of work – to turn your words into one of the most powerful productivity tools on the planet. It works alongside popular Microsoft 365 Apps such as Word, Excel, PowerPoint, Outlook, Teams, and more. Copilot provides real-time intelligent assistance, enabling users to enhance their creativity, productivity, and skills.

what are the differences? 👤

Just now

🤖 The differences between the Northwind Standard and Northwind Health Plus healthcare plans include the coverage options and the cost-sharing responsibilities. The Northwind Health Plus plan provides comprehensive coverage for medical, vision, and dental services [1]. It includes coverage for in-network providers, such as primary care physicians, specialists, hospitals, and pharmacies [2]. The plan also covers emergency services, both in-network and out-of-network [2]
